

**Saturday, June 7, 2014 – Friday, June 13, 2014**

*Note: Information in this update is intended to highlight the week's major grizzly bear management actions and is not intended to be a comprehensive detailing of all management activities. Information in this update is draft and subject to change as details from the field become available. Finalized annual reporting of this information is published in the annual report of the Interagency Grizzly Bear Study Team available at: <http://www.nrmssc.usgs.gov/products/IGBST>*

### **Verified Grizzly Bear Killed Livestock**

- Nothing to report

### **Research and Monitoring**

- Captured one subadult male and one subadult female grizzly bear in the Cody Region. The female was radio collared and samples and measurements were taken from both bears.
- Documented a grizzly bear in the southern Wind Rivers utilizing a black bear bait site. The bait was removed.

### **Bear Management (Captures, Relocations, and Removals)**

- Nothing to report

### **Law Enforcement and Related Activities**

- Nothing to report

### **Outreach and Education**

- Presented bear conflict avoidance information and bear spray use and demonstrations to the public with UDAP industries employees at a sporting goods parking lot in Riverton. UDAP industries allowed attendees to spray inert bear spray at their simulated "charging bear."
- Gave a bear safety presentation to the employees at the Buffalo Bill Boy Scout Camp.
- Presented to Shoshoni, WY grade school education program issues related to carnivore ecology and bear awareness.
